Any data that is deleted from the register of shareholders must remain identifiable. Shareholders shall have

The Company’s shares have been listed on the Budapest Stock Exchange, so – as proposed by the Board of Directors – the General Meeting approves, simultaneously with the accounting report, the responsible company management report prepared on the basis of the “responsible company management recommendations” of the Budapest Stock Exchange. The General Meeting adopts a separate resolution on such Responsible Company Management Report, which shall not be submitted to the General Meeting without the Supervisory Board’s approval.

On the basis of the provisions set forth in Section 3:117 of the Civil Code, the General Meeting of the Company is required to include in the agenda of the ordinary annual General Meeting the evaluation of the activity of the Board of Directors made in the previous year and to resolve on the issuance of a hold-harmless warrant for them. Simultaneously with the issuance of a hold-harmless warrant, the General Meeting shall confirm that, in the period evaluated, the Board of Directors carried out its duties based on the primacy of the Company's interests.

- 9.5. Shareholders may exercise their voting rights at the General Meeting either personally or by way of a proxy. Members of the Board of Directors and of the Supervisory Board, the manager, the Auditor of the company, and the Company's executive employees may not act as proxies, unless such persons (except for the auditor) as proxies have been provided with clear written instructions on how to vote for each proposal for decision as provided by the authorizing shareholder. Such proxy is required to be submitted to the Company in the form of a public deed or a private deed with full probative value.
- 9.6. Simultaneously with convening the ordinary annual General Meeting, the Company is obliged to publish on its homepage the names of the members of the Board of Directors and of the Supervisory Board, as well as any and all pecuniary and non-pecuniary benefits provided to the members of the Board of Directors and of the Supervisory Board in their quality as such, specified by member and title for benefit.
- 9.7. If, by reason of a shareholder's statement related to a takeover bid on the shares of the Company, or following a successful takeover bid procedure, an extraordinary General Meeting is convened at the initiative of the acquiring party, such General Meeting shall be convened in an identical manner as of the ordinary General Meeting at least 15 days prior to the commencement date thereof. In such a case, the publication deadline for announcing the summary of the motions related to agenda items and the proposals for decision shall be of 15 days.
- 9.8. Shareholders will have voting right at the General Meeting in possession of the relevant share or deposit certificate or owner's certificate, after being registered in the register of shareholders.

The date of owner matching is the 5th trading day preceding the date of the General Meeting.

The Board of Directors is required to indicate in the announcement the amount of the share capital increase, the number, nominal value, and series of the shares to be issued, the rights and obligations associated with such

In case of a fraction number – that is, if the amount is not equal to the nominal value of one share – the shares are required to be distributed in a descending order of ownership proportions and according to the mandatory order of entitlement set forth by law.
- 11.15. If the entitled party fails to supply a declaration on such priority right or fails to supply it within the deadline specified, the Board of Directors will deem it as he does not wish to exercise his priority rights.
- 11.16. If the share capital increase is carried out by the private issue of new shares, and none of the entitled parties exercise their priority rights granted by law, or on the basis of the written declarations received, the quantity of the shares undertaken to be taken over does not reach the planned amount of the share capital increase, the General Meeting or the Board of Directors, respectively, shall be entitled to designate those parties who, on the basis of their letter of intent to purchase, shall be entitled to take over the new share in proportion of their ownership portion.
- 11.17. The exclusion of the execution of priority right – in the framework of the agenda item discussing the share capital increase and before adopting the resolution of the General Meeting on the share capital increase – is subject to the written proposal of the Board of Directors, and the resolution of the General Meeting adopted by qualified majority of votes. In this a case, the Board of Directors is required to present in the motion the business reasons for the exclusion of priority right of subscription, as well as the planned issue value of the shares. The Board of Director shall submit the resolution of the General Meeting to the Court of Registration, and shall simultaneously procure that an announcement corresponding to the content of the resolution be published in the Company Gazette.

- 11.20. If the share capital reduction is mandatory according to this act, the General Meeting of the Company is required to decide on the share capital reduction within sixty days of the occurrence of the circumstance giving rise to this obligation. If the share capital should be reduced below the minimum amount mandatorily determined, and the shareholders fail to supplement the share capital amount within three months of the occurrence of the circumstance giving rise to this obligation, the General Meeting of the plc will be obliged to resolve on a merger, de-merger, or termination without a legal successor.
- 11.21. In view of the fact that the Company issued shares of different series, it is also required for the validity of the resolution of the General Meeting on the reduction of the share capital that the shareholders holding shares of the share series affected by the share capital reduction and present at the General Meeting approve the reduction of the share capital in a separate resolution, adopted by a three-quarter majority of the votes cast for per series at least. In the course thereof, the provisions on any restriction or exclusion of voting rights attached to the shares shall not be applicable, except for voting rights to be exercised on the basis of own shares.
